Hello Tara,

Received this from Paul Gardner. Thought I would forward on to you so the team could see their support.

I look forward to meeting you and other NPS members on Wednesday.

Philip

Got home this morning about 10:00.

Subject: New Philadelphia Public Meeting

Hello Phil,

I will not be able to attend the open meeting with the NPS concerning their acquisition of the New Philadelphia Town Site. Please convey my support for the town site becoming part of the NPS. The Archaeological Conservancy considers it to be the best organization to preserve, manage and interpret this important American place. At any time the NPS wishes to acquire it, TAC will be a willing seller.

Good luck,

Paul

Thanks Philip,
I'll share it with our team and add this email of support to our files.

Thanks!
